4. Traffic Analysis  
Cindy Lima  
José Farrán, Transportation Consultant
5. Next Steps  
All

The next meeting regarding the Mission Bay Hospital will be:

**EIR Scoping Meeting**  
**Thursday, January 24, 2008**  
7:00 – 9:00 p.m.  
UCSF Mission Bay Campus  
Genentech Hall Auditorium

The EIR scoping meeting provides an opportunity for the community to discuss with the campus the scope and content of the environmental information they expect to see included in the Draft Environmental Impact Report (EIR). This allows the campus to learn about potential concerns early, as well as further define the issues, feasible alternatives, and potential mitigation measures that may warrant in-depth analysis in the environmental review process. This meeting is not required by law.
